Ongoing Steps - James 1:19-25

How often are you guilty of “merely listening to the word”?

What does James say may stop us from accepting/applying the word? [v21]

For you personally, what gets in the way of you applying it?

What does James say about those who read the word and “do it”? [v25]

[* from the Transformational Discipleship Assessment research project]

Which of the signs/attributes would you say is your strongest?

What steps have helped you most in maturing as a disciple?

If you had to pick one area to focus on improving, which would be the most important for you? [that doesn't necessarily mean it's your weakest area]

What ongoing steps/practices can you put in place to help you move forward/mature in this area?

How can you ensure you take those steps/stick to what you need to do?
